MainBank AG - Credit Case History: Müller Maschinenbau GmbH (2022-2026)

Synthetic demo document for the FUTURY Build Days #4 Knowledge Transfer challenge. MainBank AG, its customers and all figures are invented.

Document id: cust-mueller-cases
Valid from: 2026-10-01
Owner: Credit Analysis

1. Purpose and scope

Every credit decision for Müller Maschinenbau GmbH (Wetzlar) since 2022, measured against the Credit Policy in force at the date of the decision: v1 (credit-policy-2022-v1) before 2025-07-01, v2 (credit-policy-2025-v2) from 2025-07-01. All cases live in KreditPortal. Internal rating throughout: 3. Total exposure after September 2026: EUR 4.3 million.

2. Decision of 2022-05-20: term loan for the hall extension

- Date: 2022-05-20. Policy in force: Credit Policy v1.
- Request, amount and purpose: EUR 1.0 million term loan, 7 years, extension of the production hall, filed by Martin Scholz on form KA-01.
- Analysis: the credit memo (KV-02) recorded all v1 thresholds as met (equity ratio minimum 20%, DSCR minimum 1.10, debt/EBITDA maximum 4.0x); statements within the v1 limit of 12 months. Collateral: first-rank mortgage on the production hall, lending value EUR 1.5 million, LTV 67%, below the v1 maximum of 80% for real estate. Total exposure after the loan: EUR 1.0 million.
- Decision: four-eyes (Markt vote Martin Scholz, Marktfolge vote Dr. Petra Hoffmann) under the v1 four-eyes limit of EUR 1.0 million. No exception.
- Outcome so far: repaid on schedule.

3. Decision of 2024-04-15: working-capital line

- Date: 2024-04-15. Policy in force: Credit Policy v1.
- Request, amount and purpose: EUR 0.8 million working-capital line (Kontokorrent), seasonal use, for the liquidity dip in Q2 and Q3.
- Analysis: seasonal pattern (machines invoiced after plant acceptance, mostly in Q4; Q2-Q3 liquidity 20-30% below the annual average), covered by the line and the Q4 incoming payments. Indicators within the v1 thresholds. Collateral: global assignment of receivables. Total exposure after the line: EUR 1.8 million, above the v1 four-eyes limit of EUR 1.0 million and below the Head of Credit Analysis limit of EUR 3.0 million.
- Decision: Head of Credit Analysis Stefan Krüger, on the votes of Martin Scholz (Markt) and Dr. Petra Hoffmann (Marktfolge).
- Outcome so far: fully drawn in Q2-Q3 and back to zero every December.

4. Decision of 2026-09-15: term loan for two CNC machining lines

- Date: 2026-09-15. Policy in force: Credit Policy v2.
- Request: two CNC machining lines; business plan per DOC-LIST (investment above EUR 500,000).
- Amount and purpose: EUR 2.5 million term loan, 8 years. Purchase price EUR 3.6 million.
- Analysis against v2 and the Risk Assessment Checklist, based on the FY2024 statements dated 2025-06-30 and the BWA as of 2026-08-31 (not older than 3 months, as v2 requires above EUR 1.0 million): revenue EUR 14.2 million; EBITDA EUR 1.6 million, margin 11.3% (above 8%); equity ratio 28% (above the 20% minimum, amber); debt/EBITDA 2.7x after the loan (below 3.5x); DSCR 1.4 (above 1.20). Rating 3 within the v2 range of 1-5. Collateral: the two CNC lines, lending value EUR 2.9 million, of which 60% = EUR 1.74 million can be lent against (v2 machinery LTV maximum 60%); the remaining EUR 0.76 million is covered by a second-rank mortgage on the hall. ESG questionnaire completed (exposure above EUR 2.0 million). Soft sign noted: owner older than 60 without a documented succession plan (Thomas Müller, 68). Total exposure after the loan: EUR 4.3 million, above the v2 four-eyes limit of EUR 1.5 million and below the Credit Committee threshold of EUR 5.0 million.
- Decision: Head of Credit Analysis Stefan Krüger under the v2 limit of up to EUR 5.0 million, on the votes of Martin Scholz (Markt) and Dr. Petra Hoffmann (Marktfolge). Conditions: collateral registered by Loan Operations before disbursement. No EXC-REQ needed.
- Outcome so far: facility active since September 2026.

5. Request of October 2026: seasonal bridge (pending)

- Date: October 2026. Policy in force: Credit Policy v2.
- Request: an additional EUR 500,000 seasonal bridge for the Q2-Q3 dip, the third financing request in four years. Total exposure would be EUR 4.8 million, still below the EUR 5.0 million committee threshold.
- Analysis status: the audited FY2025 statements are not yet available; only the BWA as of 2026-08-31 exists. The FY2024 statements satisfy the v2 rule (statements not older than 9 months) only until 2026-09-30. From 2026-10-01 a decision needs either the audited FY2025 statements or an EXC-REQ approved by Dr. Katrin Lorenz, Head of Risk Management. The memo also needs the 12-month liquidity plan and the three-year quarter comparison of the checklist.
- Decision: pending. Outcome so far: case open in KreditPortal.

6. Responsibilities and contacts

- Markt: Martin Scholz, Corporate Banking (Head: Claudia Weber). Marktfolge: Dr. Petra Hoffmann (until 2026-12-31); successor Felix Brandt from 2026-12-01.
- Decisions 2024 and 2026: Stefan Krüger, Head of Credit Analysis. Exceptions: Dr. Katrin Lorenz. Contracts and collateral: Sabine Neumann, Loan Operations.
